

PVC WALL PANELS

PRODUCT FEATURES

www.decomdis.com

Zero Formaldehyde Addition

The product uses aldehyde-free material as the base, no paint composition, and is environmentally friendly and odorless after installation. More environmentally friendly than E0 level.

Termite Repellent Insect Frog

New medical-grade polyvinyl chloride polymer resin and bamboo fiber as base material. High strength and toughness, effectively prevent issues caused by termites and mold.

Waterproof

Excellent moisture-proof performance, especially suitable for southern home decoration, effectively avoiding water leakage caused by mildew.

Fireproof

The fire rating reached B1 level, basically meeting project requirements.

Convenient Installation

The product's special lock design allows it to be directly installed on wool blank walls, saving time, effort, and cost.

Easy to Scrub Without Deformation

The surface of the product can be directly cleaned with a cloth, simplifying the cleaning process.
